

Second-level University Master's programme · A.Y. 2026/27

UNIVERSITÀ
DI PAVIA

Advanced Biliopancreatic Diagnostic & Therapeutic Endoscopy

Advanced clinical education and practical training
in endoscopic ultrasound and ERCP.

12

MONTHS

60

CFU

1500

HOURS

JANUARY — DECEMBER 2027

IRCCS Policlinico San Matteo · Pavia

UOC Gastroenterology and Digestive Endoscopy Unit

From understanding to technical mastery.

The Master's program offers comprehensive, up-to-date theoretical and practical training in the diagnostic and therapeutic management of the main benign and malignant biliopancreatic diseases.

The program consolidates the anatomical knowledge required to independently perform pancreatic and biliary endoscopic procedures, accurately characterize lesions, and appropriately manage cytological and histological sampling of focal lesions.

KEY COMPETENCIES

01 **Imaging and indications**

Selecting the appropriate imaging techniques and defining the appropriate indications for endoscopy and ERCP

02 **Operative techniques**

Gaining in-depth knowledge of diagnostic and therapeutic endoscopic ultrasound (EUS), as well as ultrasound-guided drainage procedures and ERCP.

03 **Clinical management**

Managing patients before and after procedures, including follow-up care and the management of adverse events.

04 **Multidisciplinary approach**

Integrating expertise in gastroenterology, surgery, oncology, and radiology.

Theory, observation, clinical practice.

01 THEORETICAL MODULE | JANUARY & FEBRUARY

Live endoscopic and surgical procedures in the morning; lectures in the afternoon.

02 OBSERVATIONAL MODULE | MARCH 2027

Small groups in the endoscopy room, hands-on exercises using simulators, surgical observation, and multidisciplinary case discussions.

03 PRACTICAL MODULE | APRIL, MAY, SEPTEMBER & NOVEMBER

Hands-on endoscopic procedures under supervision; case studies, scientific articles, and multidisciplinary discussions.

MULTIDISCIPLINARY FACULTY

Digestive Endoscopy · Surgery · Oncology · Radiology · Genetics · Pathology · Nutrition · Radiotherapy

SUMMER BREAK

Mid-June · July · August 2027

Clinical experience, integrated expertise.

The programme is delivered by a multidisciplinary faculty involved in the Master's theoretical, observational, and practical modules.

INTERNAL EXPERTS · FONDAZIONE IRCCS POLICLINICO SAN MATTEO

ENDOSCOPY

Prof. Andrea Anderloni

Director,
Gastroenterology and Digestive
Endoscopy Unit
Policlinico San Matteo, Pavia

Dr. Aurelio Mauro

Gastroenterology and Digestive
Endoscopy Unit
Policlinico San Matteo, Pavia

Dr. Stefano Mazza

Gastroenterology and Digestive
Endoscopy Unit
Policlinico San Matteo, Pavia

Dr. Marco Bardone

Gastroenterology and Digestive
Endoscopy Unit
Policlinico San Matteo, Pavia

Dr.ssa Francesca Torello Viera

Gastroenterology and Digestive
Endoscopy Unit
Policlinico San Matteo, Pavia

Dr.ssa Letizia Veronese

Gastroenterology and Digestive
Endoscopy Unit
Policlinico San Matteo, Pavia

SURGERY

Prof. Lorenzo Cobianchi

General Surgery 1
Policlinico San Matteo, Pavia

Prof. Luca Ansaloni

Director, General Surgery 1
Policlinico San Matteo, Pavia

Prof. Andrea Pietrabissa

Director, General Surgery 2
Policlinico San Matteo, Pavia

Prof. Andrea Peri

General Surgery 2
Policlinico San Matteo, Pavia

Dr. Luigi Pugliese

General Surgery 2
Policlinico San Matteo, Pavia

ANAESTHESIA AND INTENSIVE CARE

Prof. Alessandro Locatelli

Anaesthesia and Post-surgical
Intensive Care Unit
Policlinico San Matteo, Pavia

Prof. Mauro Panigada

Director, General Intensive Care Unit
Policlinico San Matteo, Pavia

Dr.ssa Raffaella Picchioni

Anaesthesia and Post-surgical
Intensive Care Unit
Policlinico San Matteo, Pavia

A multidisciplinary approach.

INTERNAL EXPERTS E FACULTY EXTERNAL

ONCOLOGY

Prof. Paolo Pedrazzoli

Director, Oncology Unit 1
Policlinico San Matteo, Pavia

Dr.ssa Anna Pagani

Oncology Unit 1
Policlinico San Matteo, Pavia

RADIOLOGY

Prof. Lorenzo Preda

Director, Diagnostic Imaging Unit 1
Policlinico San Matteo, Pavia

Dr.ssa Anna Gallotti

Diagnostic Imaging Unit 1
Policlinico San Matteo, Pavia

INTERVENTIONAL RADIOLOGY

Dr. Pietro Quaretti

Interventional radiology
Policlinico San Matteo, Pavia

Dr. Riccardo Corti

Interventional radiology
Policlinico San Matteo, Pavia

DIETETICS

Prof. Riccardo Caccialanza

Director · Clinical Dietetics and Nutrition Unit
Policlinico San Matteo, Pavia

PATHOLOGY

Prof. Alessandro Vanoli

Pathology Unit
Policlinico San Matteo, Pavia

INFECTIOUS DISEASES

Prof. Raffaele Bruno

Director, Infectious Diseases Unit 1
Policlinico San Matteo, Pavia

ESPERTI ESTERNI

Prof. Carlo Fabbri

Gastroenterology and Digestive Endoscopy Unit
Forlì-Cesena - AUSL Romagna

Dr.ssa Cecilia Binda

Gastroenterology and Digestive Endoscopy Unit
Forlì-Cesena - AUSL Romagna

Dr.ssa Ilaria Tarantino

Digestive Endoscopy and Gastroenterology-Hepatology
Epatologia - IRCCS ISMETT-UPMC, Palermo

Dr. Marco Spadaccini

Gastroenterology and Digestive Endoscopy,
IRCCS Humanitas Research Hospital, Milano

Dr.ssa Silvia Carrara

Gastroenterology and Digestive Endoscopy
IRCCS Humanitas Research Hospital, Milano

03 /ADMISSION

A pathway reserved for specialists.

The Master's program is intended for specialist physicians who are proficient in performing esophagogastroduodenoscopy and colonoscopy and who are interested in advanced training in pancreatic and biliary endoscopic ultrasound (EUS) and ERCP.

TUITION FEE

€ 9.500

60% upon enrollment

40% by May 2027

SCHEDULE

Start • January 2027

Thesis • February 2028

8 places available

CAREER OPPORTUNITIES

Gastroenterology departments and Level II and III Digestive Endoscopy Units, as well as multidisciplinary medical and surgical teams dedicated to the treatment of biliary and pancreatic diseases.
